

Develop The Web Application Using Node-RED

Date	19 November 2022
Team ID	PNT2022TMID48061
Project Name	Project -IoT Based Safety Gadget for Child Safety Monitoring and Notification

NODE RED PALETTE:

In the manage Palette search for "**node-red-dashboard**" and install it also, we need geofence nodes for creating a geofence. to install it search for "**node-red-node-geofence**" in the manage palette and install them.

We need world map nodes for displaying the location in the world map. Search for "**node-red-contrib-web-worldmap**" in the manage palette and install them.
